

St Nat's News for Kids

Spread the Message!

A word from the Editors!

Hello from all of the newsletter team in our final edition of this school year.

In this edition we have been busy finding out what it means to be an eco-warrior. As A.I has been in the news so much, we have also looked at what its all about. Two of our students have been on the tv programme, 'Blue Peter', so we have interviewed our new celebrities.

Finally, we would like to wish everyone a healthy and safe Summer holiday. We look forward to more newsletter copies next school year.

Vice-Principal,

Mr Bowler-
standing in for
our Inspector.

In partnership with:

Well here we are, the Summer term is almost finished and I am sure everyone is looking forward to a well earned rest.

There are lots of Summer activities to get involved in across the city. Make sure that you stay safe by keeping well away from lakes and canals.

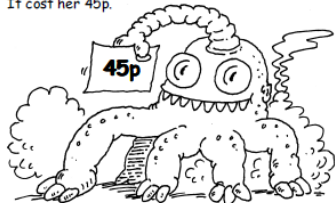

This Summer why not visit your local library and see what reading activities are on offer. There are Summer reading challenges and you can take part in the 'Boom Read' reading challenge too-check out the app as there are prizes to be won!

Have a great Summer everyone and stay safe. 😎

MATHS MAGIC: Have a go at our maths challenges each issue!

Monster

Alesha bought a monster using only silver coins. It cost her 45p.

There are nine different ways to pay 45p exactly using only silver coins. Find as many as you can.

What if the monster cost 50p? How many different ways are there to pay now?

Fireworks

Emma had some fireworks. Some made 3 stars. Some made 4 stars.

Altogether Emma's fireworks made 19 stars. How many of them made 3 stars? Find two different answers.

What if Emma's fireworks made 25 stars? Find two different answers.

Artificial Intelligence...the lowdown!

By Emil Y5, & Jasmine Y4

A.I makes using the internet easier and is easy to use and it is all over the news and thats why we

When did A.I start ?

A.I started at 1951 and has been around for 72 years and was made by Christopher Strachey !

Have cool robots been made with A.I?

Yes! A robot called Sophie was made at 2017 in Saudi Arabia !

Why was A.I made?

A.I was made to provide software that can reason on input and explain output.

Why should we trust A.I?

With A.I systems, things are easier: we are developing methods to measure their performance and biases.

Do people trust A.I?

Surveys have been taken, by computer industries and the results show that only half of the people are willing to trust A.I!

Do we need A.I ?

We do not need A.I and we can survive without it but it would be quite hard because Alexa, Siri and other products that include A.I would not work.

Snapchat, Alexa ,Siri and many more a lot of apps include A.I too many!

What is A.I?

It is a field, which combines computer science and robust clatusets,to enable problem-solving.

Summer- a time for sun and fun!

By Subhan (Y4) and Ibrahim (Y4)

This Summer you can make sure that you try to keep yourself fit and healthy. With some warmer weather (hopefully!) on the way, what better excuse is there for getting out and enjoying being outdoors.

Top tips for getting healthy!

. Get out and walk! Ditch the car and enjoy the fresh air instead. Not only is this healthy, it will save petrol money too.

. Eat healthy food. Lots of fruit which is grown in the U.K will be available in supermarkets. Try some fruit instead of sweets and chocolate. Watch out for energy drinks too...they are full of sugar, often have a LOT of caffeine in them and are worth avoiding.

. Try a new sport or visit a sports clubs like football, basketball, tennis, volleyball or swimming. There are lots of Summer activities which might mean you can have a go at a sport you've not tried before.

Northwood Heroes

North wood has been an amazing event for our school throughout these years. Each child has one or two races and then there is the group race at the relay race. It happens each year, but only yrs 3,4,5 and 6 take place in it. Each year if you get first you'd go into the finals! The boys and girls did brilliantly this year and represented Saint Nathaniel's Academy so well.

Northood Stadium, our very own
Field of dreams.

Maths Magic

By Subhan and Ibrahim Y4

Mr Rowley leads Maths at our school with Mrs Turkmen and Mr Bowler. We caught up with Mr Rowley to find out why he loves maths so much...

Why do you like maths?

Mr R: Maths is amazing because you can use your brain to solve problems.

What is your favourite maths fact?

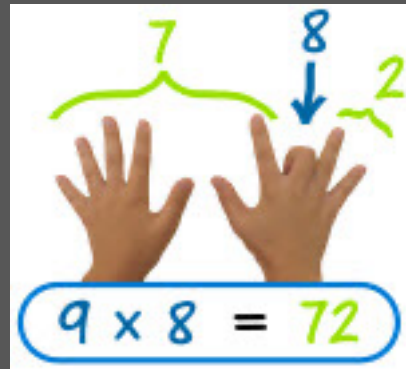

Mr R: I like solving percentages because you can turn them around.

Do you have a favourite timetable?

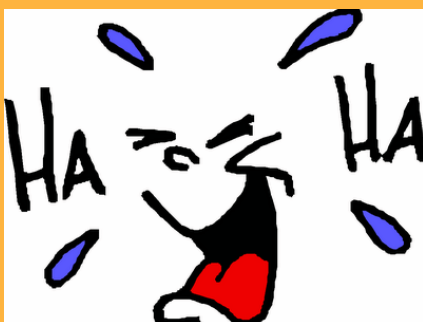

Mr R: The 9 times table because there are lots of cool facts, such as after 5 x 9, the next numbers are a reverse of the first 5 answers (write them out-you'll see!)

Do you have a sneaky trick for new timetables learners?

Mr R: :use your hands for it

9 times table maths trick, try it at home to help you learn your times table facts.

Just for laughs!

*A ham sandwich walks into a bar
and orders a beer,
bartender says "sorry, we don't
serve food here."*

**What do
you call a
magic dog?**

A labracadabrador.

Why did the frog take the bus to
work today?

His car got toad away.

*Why don't they play
poker in the jungle?*

Too many cheetahs!

What do you call a fake
noodle ?

An 'impasta'

Blue Peter

Blue Peter is the longest running children's TV programme and has been on TV since 1958.

Blue Peter does lots of different creative things like: cookery arts and crafts, enter competitions, play free games and quizzes. The people that host Blue Peter are: Mowsey, Joel, Abby and Henry the dog. There have been over 5,173 episodes!

The Gold Badge

The Gold badge is very rare to get you have to do something incredible or extremely brave like save someone's life. The gold badge is the highest award in Blue Peter family. A few gold badges handed out each year. You have to be 5-15 there are 8 badge.

The Classic badge

The Classic badge you have to have to be on the show and when you go on the show you would get the badge.

Blue Peter Fame for Saint Nathaniel's

Students!

Two of our students, Subhan and his brother Dawood, were invited onto Blue Peter to be interviewed about Eid. Originally, they were supposed to be interviewed about Dr Who, but this changed as they were doing an Eid section on the show.

Initially only Abdul (Subhan and Dawood's older brother) was set to appear on the programme, but then it became a full family appearance!

They went to Manchester where the programme is filmed. Rohan, one of the set directors, interviewed the boys. He asked us to tell him about Mehndi patterns and Mithai which is a delicious Asian sweet. They also had a good chat about Dr Who too!

Not only did they have a fantastic day, the boys walked away with their very own Blue Peter badges.

The Classic Badge, which the boys were given allows them FREE entry into 250 attractions and locations across the country.
